

Connecting to a public sewer

For office use only Application reference No: SC

This application form should be completed if you wish to make a connection to a public sewer. Before completing this application form, you should consult our technical guidance notes which can be found here:
www.wessexwater.co.uk/Developers/Sewerage/Sewer-connections

Number	Section
1	Applicant's details
2	Contact details <i>(if different from above)</i>
3	Retailer's details <i>(where applicable)</i>
4	Site details
5	Type of premises
6	New connection at existing premises
7	Details of proposed connection
8	Information about the water supply
9	Attachments
10	Payment method
11	Infrastructure charges
12	Declaration

PLEASE NOTE

Failure to include any relevant information may mean the application is deemed as incomplete, and result in the application being delayed/returned. By completing and signing this application, you are not automatically granted approval. No works should start on the public sewerage system until full payment has been received by Wessex Water and formal approval has been granted.

Once you have received our approval, you will need to give Wessex Water 10 working days' notice before your connection can be made.

Please complete all sections of this form and write clearly in BLOCK CAPITALS.

Section 7 Connection details

Please provide details of your proposed connection(s). If you wish to make two connections, please use both tables below. If more than two connections are required, please provide additional information separately, and submit with this form.

Type of connection

Junction/saddle Existing manhole New manhole Spur/lateral

Private connection details (what you are connecting)

Type of discharge (<i>circle as appropriate</i>)	Foul / surface water / combined
Diameter of new pipe	
Pipe material	

Public sewer details (what you are connecting to)*

Type of sewer (<i>circle as appropriate</i>)	Foul / surface water / combined
Diameter	
Pipe material (<i>if known</i>)	
Depth (<i>if known</i>)	

*It is your responsibility to locate and identify the public sewer that you wish to connect to. The best way to do this is to undertake investigations on site. However, in some cases our asset records may contain information which will assist those investigations. To find out more you can contact us via 01225 526333 or sewer.connection@wessexwater.co.uk and we will be happy to help.

Second connection – only fill this in if you require more than one connection at your site

Type of connection

Junction / saddle Existing manhole New manhole Spur / lateral

Private connection details (what you are connecting)

Type of discharge (<i>circle as appropriate</i>)	Foul / surface water / combined
Diameter of new pipe	
Pipe material	

Public sewer details (what you are connecting to)

Type of sewer (<i>circle as appropriate</i>)	Foul / surface water / combined
Diameter	
Pipe material (<i>if known</i>)	
Depth (<i>if known</i>)	

Please note: if you wish to make a surface water (rainwater) or combined connection to a foul sewer, then please refer to our guidance notes, as this may not be permitted.
